

**BITS Pilani** has been ranked **3rd** by **India Today** magazine in their special issue dated 30th May 2016

According to India Today's report, "in recent times, college and university campuses in India have made headlines for reasons that go beyond academics.....But that change has not affected the quest for academic excellence, and the results of the India Today Group's survey of the country's best colleges this year are a testimony to that. The permanent residency of several institutes in the top 10 lists across multiple streams indicates that excellence becomes a matter of habit."
