

US professors conduct engineering ethics programme at BITS Pilani

Students and professors of Texas A&M University, USA with professors from BITS Pilani.

PANAJI: BITS Pilani KK Birla Goa campus recently hosted the first two-week Engineering Ethics Programme organized for 17 students of Texas A&M University, USA. The professors of Texas A&M University, Prof. Paul Mario Koola and Prof. John Curry O'Day, jointly conducted this course for their students at BITS Pilani Goa Campus.

The Programme was jointly coordinated by Prof. N N Ghosh (Dept. of Chemistry), Associate Dean, International Programmes and Collab-

oration Division (IPCD), and Prof. M Srikanth (Dept. of Biological Sciences) the former Associate Dean, IPCD.

The aim of this course was to educate students in Engineering Ethics in a new cultural environment augmenting their social and global skill sets to compete in a tightly integrated world.

Apart from intense class room teaching, the visiting students were exposed to the culture of Goa by visiting various prominent places of Goa.

"Hospital" were became most famous.

Stalwarts of tiatr like Mike Mehta, late Rennie Colasso,

Late M Boyer and late Jacinto Vaz also performed in his tiatr. He introduced the highly talented actor and singer Jose Rod for the first time on the professional stage as a child artist. Carvalho left for his heavenly abode on November 24, 1995.
