

# BITS Pilani, Goa celebrates Engineers' Day

NT KURIOCITY

As part of its celebration to mark Engineers' Day, TechExpo 2022 was held at BITS Pilani, K K Birla Goa Campus. Over 200 students from class 9 to 12 from over ten schools in Goa participated in the event. Vishwakarma Jayanti, a day to mark reverence for the divine engineer was also celebrated.

The event was organised by Center for Technical Education (CTE), a dedicated team of third and second-year engineering students at BITS Pilani, under the guidance of head of the computer science department Vinayak Naik.

TechExpo began with an introduction to BITS and its technical clubs. Head of the chemical engineering department Srinivas Krishnaswamy explained the relationship between science and engineering. Director

of BITS Pilani Goa Campus, Suman Kundu, presented the genesis of Engineer's Day to the students and spoke about the various opportunities available in the engineering profession.

Students later enjoyed a sci-tech quiz,

paper-plane activity, and autonomous drone-based gesture detection. The projects displayed at TechExpo ranged from robots, cars, and drones to Mars Rover and Schlieren Photography. There were also live demonstrations and project talks.
