

# BITS Pilani, Sancoale

## Friendly 'environment'

**A**lina Saldanha, minister of science and technology, inaugurated a two-day workshop on 'environmental management systems for industries in Goa' recently. The workshop was organized by the department of chemical engineering, BITS Pilani K K Birla Goa campus, in collaboration with Goa State Pollution Control Board. The aim of the workshop was to provide working professionals in Goa a platform to enhance their knowledge of the best management practices for reduction in pollution.
