Introducing Ethereum and Solidity

Foundations of Cryptocurrency and
Blockchain Programming for Beginners

Chris Dannen

Apress®

Acc. No : 41091

Call No : 005.741 DAN-C

Learn how to use Solidity and the Ethereum project second only to Bitcoin in market capitalization. Block chain protocols are taking the world by storm, and the Ethereum project, with its Turing-complete scripting language Solidity, has rapidly become a front-runner. This book presents the block chain phenomenon in context; then situates Ethereum in a world pioneered by Bitcoin. See why professionals and non-professionals alike are honing their skills in smart contract patterns and distributed application development. You'll review the fundamentals of programming and networking, alongside its introduction to the new discipline of crypto-economics. You'll then deploy smart contracts of your own, and learn how they can serve as a back-end for JavaScript and HTML applications on the...

Acc. No : 42258
Call No : 006.6 TEL-S

This book is a mini tutorial with plenty of code examples and strategies to give you many options when building your own visualizations. This book is ideal for anyone interested in data visualization. Some rudimentary knowledge of JavaScript is required. The book begins with the basics of putting lines on the screen and builds on this foundation all the way to creating interactive animated visualizations using d3.js layouts. You will learn how to use d3.js to manipulate vector graphics with SVG, layout with HTML, and styling with CSS. You'll take a look at the basics of functional programming and using data structures effectively everything from handling time to doing geographic projections. the book will also help make your visualizations interactive and teach you how automated layouts...

How to think like
EINSTEIN

.....
DANIEL SMITH

Acc. No : 43374

Call No : 153.4 SMI-D

Best known as the creator of the world's most famous equation, $E=mc^2$, Albert Einstein's theories of relativity challenged centuries of received wisdom dating back to Newton. Without his groundbreaking work in relativity and quantum physics, our knowledge of the cosmos might lag decades behind where it is today. But Einstein was not only an extraordinary scientific thinker. He was a humanitarian who detested war and tried to stem the proliferation of hitherto unimaginably destructive weapons that his work had in part made possible. He spent a lifetime fighting authoritarianism and promoting p. Learn how Einstein, the man who evolved and altered the scientific landscape forever, viewed the world and how his theories and the way he researched changed what we now take for granted. The German theoretical...

A wonderfully thoughtful book for everyone to reflect upon.

—Kiran Mazumdar-Shaw

VANDANA KOHLI

HINGE

(RE)DISCOVERING EMOTIONAL
AND MENTAL WELLNESS

Acc. No : 43277

Call No : 155.6 KOH-V

Hinge addresses, simply and elegantly, the complex working of emotions, to better understand their cause and effect. Cyrus br Mistry, business leader in an era of remarkable change and uncertainty, this book focuses on hinges of emotional and mental wellness. Presented in three sections, it explores how the inner may fragment and what may help in making it whole, again. Section I scans largely the Ecosphere of 'normal' in, though not limited to, the Indian context. Section II probes social and psychological triggers to emotions that cause inner strain and distress. Section III observes what within us, when processed, may shift to hinge us back again to a sense of onward flow, stable and centered. Drawing on the author's extensive research for films on anger, Biotechnology and depression, professional and...

The art of political speech is to say things that sound meaningful but are impossible to pin down. You hear such speech from master politicians in not just India but the United States, the United Kingdom, China if we knew what they were saying and just about everywhere. Irreverent and hilarious, wise and introspective, Kaushik Basu's journal records the course of his career over seven years, first in India as the chief economic adviser to the Indian Government and after that as the chief economist at the World Bank in Washington. Encounters with expected and unexpected world leaders and influencers Manmohan Singh, Narendra Modi, Barack Obama, Sheikh Hasina, Deepika Padukone and many, many others pepper and liven this charming page-turner of a journal. The Indian years were a period of...

Partial Differential Equations

An Accessible Route through Theory and Applications

András Vasy

Graduate Studies
in Mathematics

Volume 169

American Mathematical Society

Acc. No : 42583

Call No : 515.353 VAS-A

This text on partial differential equations is intended for readers who want to understand the theoretical underpinnings of modern PDEs in settings that are important for the applications without using extensive analytic tools required by most advanced texts. The assumed mathematical background is at the level of multivariable calculus and basic metric space material, but the latter is recalled as relevant as the text progresses. The key goal of this book is to be mathematically complete without overwhelming the reader and to develop PDE theory in a manner that reflects how researchers would think about the material. A concrete example is that distribution theory and the concept of weak solutions are introduced early because while these ideas take some time for...

THIRD EDITION

SEDIMENTARY PETROLOGY

MAURICE E. TUCKER

WILEY Blackwell

Acc. No : 42665

Call No : 552.5 TUC-M

The study of sediments and sedimentary rocks continues to be a core topic in the Earth Sciences and this book aims to provide a concise account of their composition, mineralogy, textures, structures, diagenesis and depositional environments. This latest edition is noteworthy for the inclusion of 16 plates with 54 colour photomicrographs of sedimentary rocks in thin-section. These bring sediments to life and show their beauty and colorful appearance down the microscope; they will aid the student enormously in laboratory petrographic work. The text has been revised where necessary and the reference and further reading lists brought up-to-date. New tables have been included to help undergraduates with rock and thin-section description and interpretation. Once deposited sediments are...

DR JEFF REDIGER

'An excellent guide to self-healing'
Deepak Chopra

Acc. No : 43400

Call No : 615.5 RED-J

When it comes to understanding the connection between our mental and physical health, we should be looking at the exceptions, not the rules. Dr Jeff Rediger, a world-leading Harvard psychiatrist, has spent the last fifteen years studying thousands of individuals from around the world, examining the stories behind extraordinary cases of recovery from terminal illness. Observing the common denominators of people who have beaten the odds, Dr Rediger reveals the immense power of our immune system and unlocks the secrets of the mind-body connection. In *Cured*, he explains the vital role that nutrition plays in boosting our immunity and fighting off disease, and he also outlines how stress, trauma and identity affect our physical health. In analyzing the remarkable science of...

MEDICAL IMAGE PROCESSING

Advanced Fuzzy Set
Theoretic Techniques

TAMALIKA CHAIRA

 CRC Press
Taylor & Francis Group

Special Indian Edition

Acc. No : 42527

Call No : 616.0754 CHA-T

Medical image analysis using advanced fuzzy set-theoretic techniques is an exciting and dynamic branch of image processing. Since the introduction of fuzzy set theory, there has been an explosion of interest in advanced fuzzy set theories such as intuitionistic fuzzy and Type II fuzzy set that represent uncertainty in a better way. Medical Image Processing: Advanced Fuzzy Set Theoretic Techniques deals with the application of intuitionistic fuzzy and Type II fuzzy set theories for medical image analysis. Designed for graduate and doctorate students, this higher-level text. Provides a brief introduction to advanced fuzzy set theory, fuzzy/intuitionistic fuzzy aggregation operators, and distance/similarity measures. Covers medical image enhancement using advanced fuzzy sets, including...

THEORY AND METHODS OF PHOTOVOLTAIC MATERIAL CHARACTERIZATION

Optical and Electrical Measurement Techniques

Richard K. Ahrenkiel • S. Phillip Ahrenkiel

Acc. No : 42899
Call No : 621.3815 AHR-R

This book provides an extensive review of the theory of transport and recombination properties in semiconductors. The emphasis is placed on electrical and optical techniques. There is a presentation of the latest experimental and theoretical techniques used to analyze minority-carrier lifetime. The relevant hardware and instrumentation are described. The newest techniques of lifetime mapping are presented. The issues are discussed relating to effects that mask carrier lifetime in certain device structures. The discrepancy between photoconductive and photoluminescence measurement results are analyzed. The hope of the authors is that this manuscript will aid ongoing work at world wide research and development institutions on photovoltaic and...

INTRODUCTION TO DEVICE MODELING AND CIRCUIT SIMULATION

Tor A. Fjeldly
Trond Ytterdal
Michael Shur

Acc. No : 42159

Call No : 621.3815 FJE-T

A detailed guide to SPICE-oriented design and testing of electronic devices SPICE allows engineers to simulate individual semiconductor devices and electronic circuits and perform many different analyses needed for tasks such as verification of circuit designs and prediction of circuit performance. However, these simulations are only as good as the device models and parameters used in the simulations. Wrong models yield unreliable results. Introduction to Device Modeling and Circuit Simulation link electronic device modelling to the simulation of these devices using the SPICE program. Ideal as a reference for professional engineers or as a text for courses in semiconductor device modelling, it presents. A combination of background device physics and technology. A review of existing device...

Second Edition

CONTROL SYSTEM FUNDAMENTALS

Edited by
William S. Levine

 CRC Press
Taylor & Francis Group

Special Indian Edition

Acc. No : 42109

Call No : 629.8 LEV-W

The control handbook immediately became the definitive resource that engineers working with modern control systems required. Among its many accolades, that first edition was cited by the AAP as the Best Engineering Handbook of 1996. Now, fifteen years later, William Levine has once again compiled the most comprehensive and authoritative resource on control engineering. He has fully reorganized the text to reflect the technical advances achieved since the last edition and has expanded its contents to include the multidisciplinary perspective that is making control engineering a critical component in so many fields. Now expanded from one to three books, The control Handbook, the second edition brilliantly organizes cutting edge contributions from more than...

In *Think Ahead, Stay Ahead*, EIGHTY of India's highly successful business leaders talk about the basics of leadership and discuss the impact of leadership and its concomitant challenges. In times of economic and political turmoil, these women and men, through their ability to lead successfully, have stood out in their respective fields. This extraordinary compilation of modern-day leadership strategies features Keki Mistry, Ajay Piramal, Harsh Goenka, Ronnie Screwvala, Chanda Kochhar, Adi Godrej and Naina Lal Kidwai, among others. *Think Ahead, Stay Ahead* will help you get critical insights into the experiences of these eminent...

FROM ONE OF INDIA'S FOREMOST HINDI WRITERS

TRANSLATED BY Ira Pande

AMADER
SHANTINIKETAN

Shivani

Acc. No : 43022

Call No : 823.914 SHI-G

This charming memoir is a loving homage to a grand institution and its legendary gurus. Written from the perspective of a child and young girl, it retains the freshness and innocence of an age when experimental education was not merely a trendy movement. Shivani's vivid pictures of the Ashram and portraits of her teachers and fellow students remain as alive as they seemed when she first wrote this memoir nearly fifty years ago. Along with the moving tributes she wrote when some of her beloved contemporaries passed away, this slim memoir is a sort of diptych that captures the spirit of the Ashram and the liveliness of its inmates, many of whom went on to become iconic Indians. Shivani's recall of her time there takes the reader into an enchanted garden that remains as inspirational to...

Compiled from blogs and the column, *Cityscape*

Calcuttascape

Musings of a Globetrotter

Sundeeep Bhutoria

Foreword by
KUNAL BASU

Acc. No : 42993

Call No : 910.4092 BHU-S

Calcutta cape grew out of the regular blogs written by Sundeeep Bhutoria and his weekly column in the Hindustan Times, Kolkata, titled 'Cityscape'. A peripatetic soul, the writer crisscrosses the world on business and leisure, but his heart resides in his hometown, Kolkata. With characteristic wit and disarming plain-speak, Sundeeep writes about a variety of topics from travel and food to customer services and lifestyle, from art and heritage to environment and gender equality. A keen eye for detail and with a firm finger on the pulse of a city, this collection of columns is an ode to the cosmopolitanism that sits at the very heart of Kolkata, even as it minces no words to point out some shortcomings, as only a loving resident is allowed to. It gives the reader a glimpse into...

"Incisive and elegant ... Rudrangshu Mukherjee combines his formidable knowledge of archival and published materials with a comparative account of the lives and afterlives of the two most important women leaders of the revolt."

MUKHERJEE

Acc. No : 43018

Call No : 954.0317 MUK-R

Exploring the lives of two remarkable women who chose to enter a field of activity which, in the middle of the nineteenth century, was seen as a male domain, this book brings to light how unusual circumstances catapulted Begum Hazrat Mahal of Awadh and Rani Lakshmi Bai of Jhansi into the rebellion of 1857. Both of them sacrificed their lives trying to overthrow British rule, which they considered to be alien and oppressive. Their resistance and their deaths are heroic and poignant. The book captures the different trajectories of their lives and their struggles. In different but adjacent geographies these two women, both married into royal houses, decided to uphold traditions of ruling and culture that their husbands had established. These traditions had been subverted by the policies of...

AN EPIC LIFE RAMANAND SAGAR

FROM *BARSAAT*
TO *RAMAYAN*
PREM SAGAR

Acc. No : 43359

Call No : Biography SAG-P

On 25 January 1987, with the telecast of the very first episode of Ramayana, Indian television changed for all time to come. In a matter of weeks, the series became a national obsession. During the Ramayana slot, roads emptied out. No marriages and political rallies were scheduled for that time. More than three decades later, there has been nothing to match it. Ramanand Sagar, the man behind the phenomenon and a successful filmmaker from Bombay, was among the first to recognize the immense power of television. He first made his mark as a writer in Raj Kapoor's Barsaat (1949). From 1961 to 1970, Sagar wrote, produced and directed six consecutive silver jubilee hits Ghunghat, Zindagi, Arzoo, Ankhen, Geet and Lalkar. An Epic Life, Ramanand Sagar, From Barsaat to Ramayana, written by his...
