

# SYMPOSIUM on Recent Advances and Career Opportunities in Medical Biotechnology

**BITS Pilani**  
Dubai Campus

November 7  
**8:30 AM-2:30 PM**

## About the Symposium

BITS Pilani Dubai Campus invites school students and teachers to be a part of a one day symposium on recent advances and career opportunities in medical biotechnology. The symposium aims to bring together leading academic scientists, medical practitioners, industry personnel, students and teachers to share their experience and research in key areas of medical bio-technology, while unfolding the career opportunities in this exciting field.

**Registration is FREE**  
**Certificate of Participation will be awarded**  
**Lunch will be provided**

## Invited Speakers

### **Ms. Fatima**

*Director, Dubai Cord Blood Research Center, Dubai*

### **Dr. Antony Thomas**

*Director, Department of Pathology, Premier Diagnostics, Dubai*

### **Dr. Hafiz**

*Professor, RAK Medical College*

### **Dr. Ranjan Chakraborty**

*Group Head AMSA Renal Care*

## Local Organizing Committee

Dr. R. N. Saha

Dr. D. J. Shariff

Dr. Trupti Gokhale

Dr. Neeru Sood

Dr. S. Ramachandran

Dr. Mainak Dutta

Dr. Namita Khanna

Dr. Pallab Sanpui

## About BITS Pilani

The Birla Institute of Technology and Science Pilani is an institution of international reputation. Over the years, BITS Pilani has provided the highest quality technical education to the students from all over India and abroad admitted on the basis of merit. We are a multi-location University with three campuses in India (Pilani, Goa and Hyderabad) and one in Dubai (U.A.E). All four campuses offer degree programs (B.E, M.E, and PhD) in Engineering, Science, Technology and Management. BITS Pilani Dubai Campus is one of the largest and the only institution exclusively dedicated to Engineering and Technology education in Dubai. More than 1500 students are admitted at the campus from over 20 countries including to UAE, other GCC countries, Asia, Africa and Far East. The vibrant campus has state-of-the-art infrastructure and research facilities, and provides a 24x7 opportunity to acquire quality education from well-experienced, highly qualified and dedicated faculty.

## About Department of Biotechnology, BITS Pilani Dubai Campus

The Department of Biotechnology of BITS Pilani Dubai Campus, is one of the most technologically advanced departments on campus. The department has an esteemed panel of highly qualified faculty with various specialization - such as Nanobiotechnology, Plant Biotechnology, Environmental Biotechnology, Animal Biotechnology, Metabolomics, Biofuels, etc. The department encourages the students to identify their field of interest, and further guide them towards higher studies or prospective job opportunities in the desired fields.

Chimera, the BPDC Biotechnology association, acts as a voice, providing the students with a platform to grow and learn. Guest lectures and talks are held by professionals in the field which keep students updated with recent discoveries and developments and provide them with industry exposure.
