

# Message from Overseas Partner of IChE Goa Regional Centre

“On the behalf of Faculty of Engineering & Applied Science, Memorial University, Newfoundland, Canada, I am delighted to bring greetings to you all. It is pleasure to learn that IChE has now established its Goa Regional Center at Chemical Engineering Department, BITS Goa. In the past, being part of both BITS and IChE, I understand the defining role of IChE on education, training, industrial activities and research dissemination. I congratulate Dr. Ganguly and the entire team at Chemical Engineering Department, BITS Goa on establishing this new initiative. It will provide a unique platform of research, teaching, training and industrial activities. It will help bonding practitioners of chemical engineering profession and help them establishing best practices. Once again, my heartiest congratulation to the Chemical Engineering team of BITS Goa on this new beginning, which will play defining role in the region. I am honored to be part of this initiative as overseas partner of IChE Goa Regional Center and look forward making impactful contributions.”

Faisal Khan, PhD, P.Eng  
Professor & Vale Research Chair  
Head, Department of Process Engineering  
Director, Centre for Safety, Risk and Integrity Engineering
